MANHOOD

IN THE

YOUNG AND RISING GENERATION

The vegetative powers of life are strong, but in a few years how offer the pallid bue, the lack-luster eye, and emaciated form, and the impose perhaps the youth is removed from school and sent into the country. This ever -changing scenes of the city, the powers of the body, too much en

If the patient be a female the approach of the menses is locked for with analety as the first symptom in which nature is to show her saving power a diffusing the circulation and visiting the cheek with the bloom of health Alas! increase of appetite has grown by what it fed on. The energies of the system are prostrated, and the whole economy is deranged. The seastiful and wonderful period in which body and mind undergo so fascinating a change from child to woman is looked for in valu. The parent's eart bleeds in anxiety, and fancies the grave but waiting for its victim.
